### ORDER

Re: **People of MI v Jerry Gonyea**

Docket No. **284004**

L.C. No. **76-002624-FY**

Donald S. Owens, Judge, acting under MCR 7.201(B)(3) and 7.216(A)(10), orders:

This Court provided notice regarding the nature of the defects with this filing, and appellant has not corrected them in a timely manner by providing this Court with five copies of an application for leave to appeal that conforms to MCR 7.212(C), five copies of a current set of the circuit court's register of actions, and a proof of service that he sent a copy of the conforming pleading to the prosecutor. However, appellant paid the reduced entry fee without being informed that he had to cure the above defects as well or face dismissal.

Within 21 days of the certification of this order, appellant shall provide the materials needed to cure the defects with this appeal. Failure to provide the materials within the time allotted will result in the dismissal of the appeal.

If this case is dismissed, the Clerk of this Court shall return of check used to pay the reduce entry fee to appellant.
